

PPA Player's Personal Sponsor Request Form

In order for a professional member of the PPA to accept a personal sponsorship, approval must be obtained by the PPA. Every effort will be made to approve a player's choice for a personal sponsorship. However, the PPA reserves the right to deny approval if in its sole discretion the sponsoring product or business is in conflict with the image and/or goodwill goals of the PPA or is in conflict with any national sponsorship interest. All items on this form must be completed for approval to be considered. If you agree to have this information shared with other players, please indicate this approval under your signature below. If more space is needed to answer questions, please use the back of this form.
